Introduction

Halo Nation Training Pty Ltd is a Registered Training Organisation (RTO number 32485) registered with the Australian Skills Quality Authority. Halo Nation Training is proud to offer training in CPCCLRG3002 Licence to perform intermediate rigging.

Course Description

This course provides learners with the skills and knowledge required to safely perform intermediate rigging activities.

Learners will understand how to identify hazards, calculate load weights, sling and move loads safely. The training will include sufficient time to allow learners to practice their skills prior to their assessment.

This course is essential for people working in industry who are required to sling and move loads and provides a pathway to obtain your high-risk work licence to perform Intermediate Rigging activities.

Mode of Delivery

Delivery of this course will be trainer led and delivered over five days of face-to-face training in a classroom setting combined with skills practice and assessment in your simulated work environment.

Clothing Requirement

Learners must wear covered shoes or work boots and hard hat.

Where a learner does not wear covered shoes they will not be able to participate in the course due to work health and safety concerns.

Assessment Summary

The assessment in support of the unit of competency requires the learner to complete a written knowledge assessment and then demonstrate their applied knowledge and skills during a practical assessment performing Intermediate Rigging activities, observed by the assessor.

The learner must answer all the written knowledge questions correctly. There is the opportunity for this knowledge assessment to be conducted verbally if the learner requires this level of support.

The practical assessment is conducted under controlled conditions in a simulated workplace. The learner will be briefed on the assessment which will involve identifying hazards, calculating load weights, slinging and moving loads safely and monitoring workplace hazards and communicating with others in the workplace.

It is important to note that following the completion of the competency assessment, the learner will return on day five of the course where they will have the opportunity to complete the high-risk work licensing assessment relating to Intermediate Rigging (licence class RI). Whilst Halo Nation Training organise and meet the cost of an approved Work Safe Tasmania licenced assessor to conduct this licensing assessment, this assessment process is conducted according to the requirements of Work Safe Tasmania.

National recognition

On successfully completing the training and assessment you will be issued a Statement of Attainment issuing you the unit of competency: CPCCLRG3002 Licence to perform rigging intermediate level.

This unit of competence is nationally recognised and provides individuals with a valuable outcome that is recognised throughout Australia.

The issuance of the unit of competency will provide you an important part of the eligibility criteria to obtain a Intermediate rigging license. Please refer to the section “Rigging licencing with ‘Work Safe Tasmania’” for more information of the licensing process.

Course Materials

Learner training is supported through the provision of quality learning materials and resources. Learners should attend the course in comfortable appropriate work clothing with steel capped boots. All equipment and consumables are supplied as part of the course.

Pre-Requisites/Entry Requirements

This unit has a pre-requisite requirement. This requirement may be met by either the successful completion of the unit CPCCLRG3001 Licence to perform rigging basic level or holding a valid licence for basic rigging.

Halo Nation Training do require learners to meet the following local entry requirements:

- Learners must be aged 18 years or older.
- Photo Identification is required to be sighted prior to course commencement
- Language, literacy and numeracy skills required to interpret work instructions, equipment operating instructions and to.
- Learners must be dressed in their normal work clothing and be wearing steel capped boots.
- Learners must be alert and physically capable of driving safely.

Responsibility for Training

Halo Nation Training is responsible under the National Vocational Education and Training Regulator Act 2011 for the quality of the training and assessment being delivered in this course and for the issuance of all AQF certificates.

Please refer to the Student Handbook for further information on all student rights and obligations.

Rigging licencing with Work Safe Tasmania

You need a high-risk work licence if you want to perform Rigging activities in Tasmania.

The training and assessment delivered in this course only relates to the high-risk work licence class RI.

Eligibility criteria for an Intermediate Rigging licence with Work Safe Tasmania

To obtain a Intermediate Rigging licence with Work Safe Tasmania, you will need to present Work Safe Tasmania with evidence that you:

- At least 18 years of age.
- Have completed a recognised training course with a registered training organisation (RTO) and have been assessed as competent by an assessor working for the RTO.
- You will also need to bring with you a passport sized and quality photo of yourself with your name and date of birth printed on the back.
- You should note that a licence fee **will** apply to your application for a high-risk work licence. This fee is **not** covered within the course enrolment fee. The application fee is outlined in the Work Safe Tasmania website.
- Can use English at a level that enables the safe performance of high risk work.

Steps to obtain a Intermediate Rigging licencing with Work Safe Tasmania

Once you have completed this course, it will be up to you to apply for your high-risk work licence for Intermediate Rigging. The following steps apply to obtain a new Intermediate Rigging licence with Work Safe Tasmania:

- Select an approved RTO that delivers the unit of competency CPCCLRG3002 Licence to perform rigging intermediate level.
- Enrol with the RTO and complete the competency-based training and assessment for the unit of competency CPCCLRG3002 Licence to perform rigging intermediate level and pay the required enrolment fee.
- Complete the mandated high-risk work assessment with an approved high-risk work assessor for licence class RI. This high-risk work assessment will be facilitated by Halo Nation Training as part of the five-day delivery.
- When you have been assessed as competent in the unit of competency and have passed the high-risk work assessment, the assessor will have the application forms you need to apply for your licence.
- You should then complete the application forms and take these forms to your nearest Service Tasmania Centre as well as 100 points of ID.

For more information about the process to obtain your high-risk work licence and for information on payment options and privacy protection, Halo Nation Training encourage you to visit the Work Safe Tasmania website at the following website: www.worksafe.tas.gov.au

Duty of Care

Halo Nation Training adopts high standards in duty of care of its learners and instructors. Halo Nation Training reserves the right to turn anyone away that seems to be under the influence of drugs or alcohol.

This action is to ensure that the learner and instructors safety is assured and that Halo Nation Training maintains an incident free learning environment and complies with our duty of care responsibilities.

CPCCLRG3002 Licence to perform Rigging Intermediate Level

Halo Nation Training is responsible for the quality and delivery of training and assessment and will be the organisation issuing any qualifications and statements of attainment to eligible students.

Fees and Charges

Additional information about fees and charges will be provided in consultation with your company booking.

Confirmations

A learner's position on the course will only be confirmed upon a completed enrolment form and the payment of your course cost.

Numbers are limited, so confirmed enrolments will only be able to attend.
